

Become a Member of *Clary Gardens*

Clary Gardens is a special place in our community. With its beautiful tranquil grounds—including a growing plant collection, sandstone amphitheater, gazebo and woodland trail—the Garden adds to local cultural attractions and positively impacts the quality of life for our region.

Clary Gardens' mission is to “engage the community to develop and maintain a botanical garden that provides access to horticultural education, environmental stewardship, local history and the arts.” As part of this mission the Garden provides educational programming for youth and adults as well as year-round events that bring pleasure to many. Your generosity will help sustain these programs and so much more.

The Garden is sustained by the Clary Garden Foundation—a non-profit 501 (c)(3)—along with the contributions of its members, friends, and other organizations. All donations are taxdeductible so please “keep this beautiful Garden growing” by becoming a member, patron, or GIFTING a membership!
